Kilit

RAT AND MOUSE TRAP

Thank you for choosing Kilit. Here is how to bait, set and place your traps, and how to activate your lifetime guarantee.

IN YOUR BOX

PACK OF 4

2 XXL rat traps (14 × 7.5 cm), 2 mouse traps (9.7 × 4.7 cm), 1 pair of gloves.

PACK OF 6

3 XXL rat traps, 3 mouse traps, 1 pair of gloves.

PACK OF 10

5 XXL rat traps, 5 mouse traps, 1 pair of gloves.

BEFORE YOU START

- **Wear the gloves provided** to bait, set and handle: rodents avoid human scent.
- The large trap is for rats, the small one for mice.

SET UP IN 3 STEPS

1. **Bait.** A pea-sized dab of peanut butter pressed into the ridges of the yellow bait cup. It holds better than a piece of cheese.
2. **Set.** With the trap flat, push the bar down with your palm until it clicks. Always keep your fingers out of the closing zone.
3. **Place.** Along a wall, bait facing the wall, where you see droppings: behind appliances, along skirting boards, in the attic, cellar or garage.

> For a big rat, tie the large trap to the floor or a fixed point: it won't be dragged away when the spring snaps.

CHECKING AND CARE

EVERY DAY

Check the traps. Nothing after 2-3 days? Move them to another runway.

AFTER A CATCH

Wearing gloves, release the animal over a bag that you seal and throw away.

CLEANING

Wash the trap in hot soapy water, dry it, re-bait and re-set.

> Rodents are most active in autumn and winter, when they look for warmth.

PRECAUTIONS

- Mechanical spring trap: risk of pinched fingers.
- Keep out of reach of children and pets.
- Always set the trap lying flat, hands out of the closing zone.
- Poison-free. Indoor and outdoor use.

ACTIVATE YOUR LIFETIME GUARANTEE

A Kilit trap breaks or stops working? We replace it. Fill in this form, it takes 1 minute.
